Table of contents

NOTE! All LED tapes must be connected to a 12 V or 24 V power supply.

IMPORTANT: Not all possible mounting procedures are presented here.
More mounting procedures and related accessories can be found at www.KlusDesign.eu.
Drawings in these instructions are simplified and only approximate the actual shapes.

KLUŚ Inspiring Solutions

Ia

45°

6.

1.
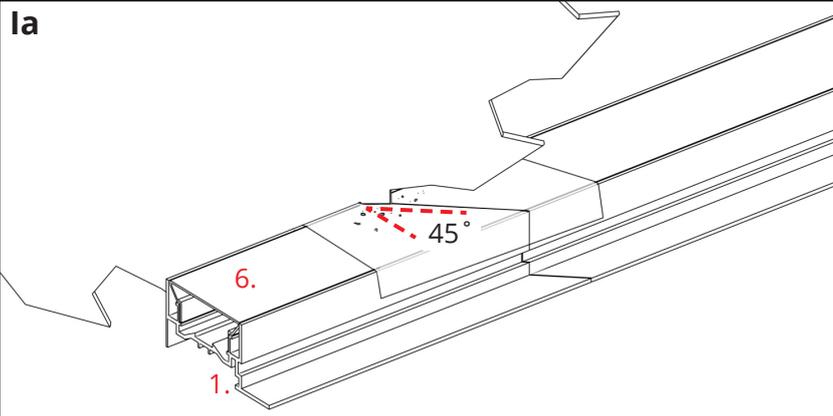

When cutting the profile at a 45-degree angle, cut it togetherwith cover, secured with adhesive tape.

IIa

90°

1.

6.
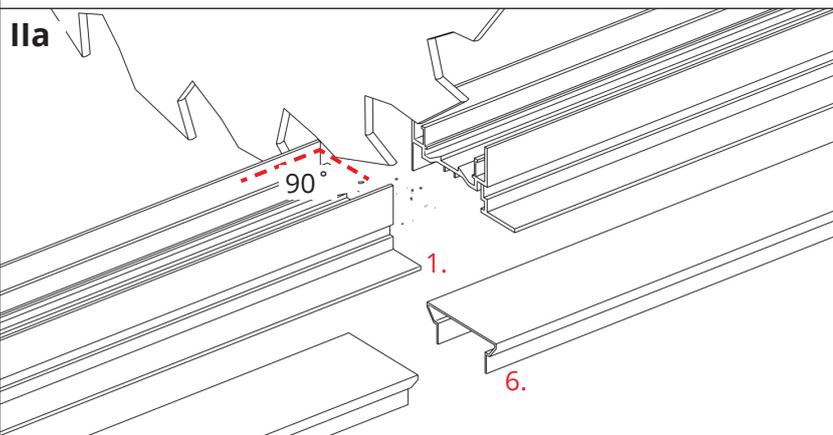

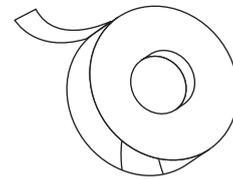

When cutting the profile at an angle of 90 degrees, the cover can be cut separately.

When joining the fixtures longitudinally, it is recommended that the cover sections did not touch where two sections of the profile are connected. This should be taken into account when cutting.
